

Giving Thanks for Performing Art: Results of the 2008 Ticket Pledge Drive

In July 2008 Art-Reach launched our third annual Ticket Pledge Drive to recruit arts partners for the 2008-2009 cultural season. Art Partners are those organizations or individuals who provide cultural experiences to Art-Reach. During the drive, we asked theatres and other performing-arts venues to pledge tickets to their upcoming events for use by Art-Reach members. This year's was the most successful drive to date with over 65 cultural organizations pledging tickets. Acquiring tickets well in advance of performance dates enables Art-Reach to use time normally spent gathering tickets to instead match those tickets with our members who are best suited for the experience. It also gives our members and arts partners sufficient time to plan and prepare for attending these events. The pledge drive ultimately leads to an increase in the number of tickets Art-Reach distributes to underserved audiences and allows us to better serve our members and arts partners.

Art-Reach would like to recognize the organizations that participated in the 2008 Ticket Pledge Drive. We appreciate their willingness to partner with Art-Reach, and we are thankful that so many organizations have demonstrated their belief that the arts are important and should be available to everyone regardless of ability or economic status.

Ticket pledges continue to be accepted throughout the year, and organizations interested in pledging tickets should contact the Programming Department at 215-568-2115 x 4 or by emailing info@art-reach.org. The Ticket Pledge Drive gathers performing arts events. To learn which venues are fine arts partners please visit our [museum listing](#).
