

## **Matt Bryan Promoted to Art-Reach's Program Director**

Art-Reach is pleased to announce that Matt Bryan has been promoted to Program Director. In his previous role as Program Manager, Matt oversaw day-to-day operations of the Ticket and In-Facility Programs. Over the past year, Matt's focus has turned strongly to include developing strong relationships with members both with potential organizations as well as guiding current members in the best ways to use the services Art-Reach provides. Matt has thrived with this charge, empowering members to think creatively and utilize all resources available to them, and we are proud to announce that his title is officially being upgraded to include this responsibility in an ongoing capacity.

Matt joined the Art-Reach team in February 2007, following a successful internship with the organization. Now closing in on his fourth successful year with the company, we are thrilled with his compassion and commitment to ensure that the arts remain accessible to everyone. Please help me congratulate Matt Bryan on his newly enhanced role with Art-Reach. Together, Matt will allow us all to raise our bar on service and make 2011 a phenomenal year!
