

Share your Experience in the [Arts Appreciation Campaign](#)

Art-Reach has a new way to showcase the important work it achieves and to celebrate the dedicated supporters who make it all possible.

[GreatNonprofits](#) is a forum allowing constituents of nonprofit organizations to review and share their interactions with a specific organization. All members, donors, board members, volunteers, arts partners and community members familiar with our work can post a review and share their experience. The concept is simple: sharing your thoughts and feelings about Art-Reach helps others motivated by similar values to get involved.

Share your [Art-Reach experience](#) today by taking three minutes today to tell GreatNonprofits why you love Art-Reach! Be sure to choose "[Arts Appreciation Campaign](#)" from the home page so that your review counts towards the campaign (or click on Arts Appreciation Campaign in this article). If Art-Reach receives 10 four- or five-star reviews by the end of February, we will be featured in the GreatGuide to Giving and Volunteering, published by Guidestar. More importantly, this is a perfect forum to make your voice heard and help us spread our reach across the region.

Please lend your voice today, and Share the Experience you have had with Art-Reach!
